

*"But realize this,
in the last days, difficult times will come. For men will be lovers of self...holding to a form of
godliness, although they have denied its power...always learning but never coming to the
knowledge of the truth." 2Timothy 3:1-7*

*"All Scripture is inspired by God and profitable for teaching, for reproof, for correction, for
training in righteousness; so that the man of God may be adequate,
equipped for every good work." 2Timothy 3:16-17*

*"Knowledge that is self-discovered is stored in the deepest part of the mind and remains the longest
in the memory. There is no jewel more precious than that which you have mined yourself"*

Howard G. Hendricks

The Reason for You Discover Truth

81% of people in the world have access to a Bible BUT 90% that have one are asking for practical help to understand and apply it to their lives; in less time, for less money.* Crisis drives people to the God of the Bible, but when they get there they need help to hear from and relate to Him directly. Culture has created some new rules of engagement:

- Short attention span – *engagement must be simple.*
- Relationship distractions – *relationship with Jesus can't come through someone else*
- Mobility and cost – *convenient access on digital platforms for less money*

Contemporary discipleship strategies (entertainment/creative marketing/social media) aren't working. Coupled with social media platforms trending toward disrupting biblical truth, has created an environment that is moving people away from direct engagement with Jesus.

The **need**: practical help to engage with God personally/relationally. [John 17:3](#)

The **problem**: the Bible has been positioned as a book not a person. [Hebrews 4:12](#)

The **solution**: an interactive guide to engage with God's Word as the Person it is. [2 Timothy 2:15](#)

The **mission**: "Helping People Engage with God to Discover Truth" [John 8:32](#)

God's Word doesn't change, but the road He takes it on does.

The Resource – a unique Guide

You Discover Truth (YDT) has built the **GOD**cha Bible Guide; an interactive APP that works on mobile devices and computers via an Internet connection. A practical application Bible Guide for all reading ages. YDT uses a proven method of *Inductive learning* (made simple); help from the text to the text. There's a five step guide and 'Discovery' module for every chapter and segment (over 156) of every Book of the Bible. There is no opinion, distraction, commentary; just simple help for the reader to engage, learn from and walk with God personally.

- An APP that provides any disciple (a learner, follower, teacher) or seeker:
 - a) Information, direction, and interaction; with God and His Word without distraction.
 - b) A 'Daily Discovery' (devotional) that helps the user engage with Jesus personally.
- The APP includes:
 - a) Two "literal" translations; the King James and NASB.
 - b) Unique Discovery Guide to help understand and apply every page of the Bible;
 - 16,000+ observation & application questions (invite, engage, energize).
 - 25,000+ Cross references, 20,000+ Contrasts, Comparisons, Key Words, etc.
 - c) A five volume set of Hebrew and Greek Dictionary's and Complete Word Study's.

All at the speed of touch, on one platform, at a fraction of traditional costs.

The Reach – many channels

By 2020 there will be over six billion registered smart phones in the world¹. Regardless of the platform, **GOD**cha is designed to reach and support internet connected users through:

- ✚ Secular channels: Apple, Google, Amazon; Publishers, content/service providers
- ✚ Church channels: Christian Distributors, ChMS/service providers, etc.
- ✚ Non-profits: Churches, ministries, Foundations.

The Results – His impact.

Lives transformed for eternity, disciples made around the world at the speed of 'click.'

Bible teachers in Thailand

Carissa: "I came back to Indonesia and now to Burma and Golden Triangle to serve the Lord/teach Bible to young people. I'm EXCITED about app, no books to carry! I have LOGOS and hate using it- but love this!! This is a good deal. *I truly feel the ground swelling with those eager to understand HIS WORD!*" They gather on their own at the 7/11, where there is wifi.

A man in Peru

My usual one-hour bible study turned into a two-hour festival of knowledge this morning...thanks to You Discover Truth. I have already sent it out to several pastors and will be announcing it on our Facebook and donor list.

A family in the U.S.

We created a Facebook page, "Families Discovering Truth" using the app. So, we'll go through Philippians in July and Colossians in August. I will ask them questions from the app to reflect on and ponder. I can facilitate and the Holy Spirit can teach! Wow, 548! I just use the app for feedback, easy, it's just God's word.

What others are saying

- What fun it is to be able to touch the definition of "hope" in the app, learn what it really means and include it in our conversations with friends and family. TK
- So much gray out there these days, I am thankful for the truth, and this app. It sure takes the drama out of the conversation. JT
- I used the app just today as I spent time with a client of mine who wanted to meet with me to tell me that she is going to divorce her husband who is a CEO of an oil company here in town. She wanted me to counsel her as where to go from there. I spent 3 hours with this lady and used the app constantly. I used the word definitions to describe to her the Words of God. I didn't want to use my Words, but God's. I used cross references too. The app helped to get her to reconsider her decision. In the parking lot, she told me that I may have just saved her marriage. I doubt very much that I did that. God used me and with the help of the app, I was able to stay true to the words. I left thanking God for His Words and for the app as my tool. SC
- WoW and God is AWESOME! So cool. My friends love this! JH
- I have been studying Psalm 91 on vacation and was amazed to see 4 different names of God in the first 2 verses, and it's soooo easy with the app. All names right at our fingertips while on vacation. AN
- This will definitely make me a better leader for my group. This is helpful and I'm learning so much – DG
- This app has helped me a lot in understanding what the Scriptures say (having the ability to define confusing words or looking at cross-references or the LIVE questions). It has also helped me with note taking! I can now take notes as I'm reading, as opposed to not taking notes at all if I forget. ZK

The Reality – needs present opportunity

The U.S. Church

90% of churchgoers say they **need help understanding** the Bible 1

80% of people say **time, difficulty**, and how to **apply** truth to their lives are their issues 2

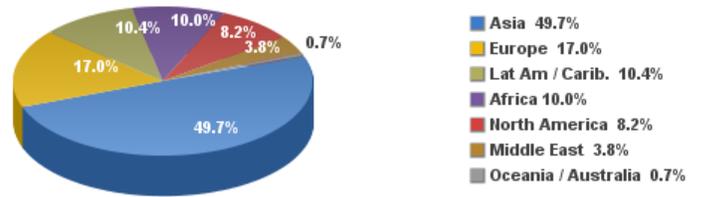

65% of young people who went to church as **teens drop out** after high school.

1% of church leaders say they are doing a good job discipling

65 million 'dones' that have **dropped out** of church 3

Today there are 2.6 billion smartphone subscriptions globally, and while growth has been levelling off in developed markets like the U.S. and Europe, it's not stalling altogether by a long shot.

By 2020, globally there will be 6.1 billion smartphone users led by huge growth in less mature markets.

Mobility Report 2017

The Requirements – real but practical

"So then, none of you can be My disciple who does not give up all his own possessions." Luke 14:33

Responding to God's call, Doug and Janette Hamm, after 30 years of learning how to look at, learn from, listen to and live out God's word, initially established 3Cord as an LLC. (based on the political climate in the U.S. at that time). In 2017 they transitioned to a 501c3 a ministry named, You Discover Truth, reflecting the heart of the ministry.

Through June of 2019 nearly 60,000 man-hours have been donated to the development of the GODcha Bible Guide. Building a mobile app has been costly. By God's grace, many 'like-minded' partners have contributed financially to the cause to make it happen.

The Future: The GODcha Bible Guide is built, in the market, working and impacting lives daily. YDT has; low operating costs; a sustainable revenue model; and a single focus. Distribution cost are incredibly low compared to traditional means. For example, shipping one Hebrew dictionary, or book study (GODcha has 66 of them) to a foreign land would cost and be equal to about 10 years of subscription to GODcha.

The future cost to reach, and help, individuals around the world is primarily digital marketing. Digital connection (individuals, teachers, leaders) requires ongoing investment in these areas, consistently over time:

- Social media, new outlets, expanding channels.
- Digital Marketing multiple platforms.
- Server, software and APP support.
- GODcha content enrichment.
- Training. Train the trainer (personal, digital, indirect, etc.).
- Ministry partnerships around the world: English speaking plus China, Middle East, South America, India. Where ever the LORD leads.

Opportunities are endless, the only limitation are hearts to help make this resource available!

PLEASE PRAY ABOUT JOINING US IN THIS CAUSE; HIS CAUSE.

Together we will impact lives for eternity.

YDT has a vision to reach millions of people in six languages, satisfying the desire for mankind to know God in a way that this and future generations prefer to learn. The only limitations are financial resources to advance GODcha Bible Guide placements. We pray that making disciples is your mission too. And you that would join us. HE's coming soon and NOTHING is more important than "Helping People Engage with God to Discover Truth"

We would be honored to answer any question you may have.
